As a girl the pictures in school and Sunday School that were captioned "Harvest Time" would show corn, squash, pumpkins, strings of onions, apples and the fall varieties of harvest. This week after canning cherries, beet greens, swiss chard, string beans, and freezing beans, I feel as though harvest time has already begun in earnest. We are picking raspberries and tonight Frank brought in some early apples and told me that he wanted a pie made with them. Not having the boys home really keeps me hopping.

# LEADERS NAMED FOR RUMFORD HOSPITAL'S CAPITAL FUND CAMPAIGN

Fred E. Hanscom, prominent attorney, Rumford Town Moderator and member of the Rumford Community Hospital board of trustees for more than a decade, has accepted the general chairmanship of the RCH Capital Fund Campaign to raise \$750,000 for renovation and modernization of the non-profit health care facility.

The announcement of Mr. Hanscom's acceptance of the general chairmanship was made this week by Norman K. Ferguson, chairman of the 15-member RCH Development Fund Committee.

Acceptance of the all-important chairman's role will double Mr. Hanscom's commitment to the hospital and continue a long and distinguished career of community service," Mr. Ferguson said. "It has included two three-year terms as president of the hospital trustees and nearly 20 years as Town Moderator."

Mr. Ferguson also announced that business and community leader Nicholas J. Pullia will serve as campaign vice chairman.

"Mr. Pullia's experience in the civic and business life of the community will provide significant leadership experience complementing the chairman's role in this essential fund-raising effort," Mr. Ferguson added.

The hospital campaign, the first RCH fund raising effort since 1961, has already begun with an in-house appeal to the medical staff and trustees. An employee solicitation will begin Aug. 16, and the general campaign, involving an appeal to more than 20 service area communities, will commence after Labor Day.

The campaign will seek to raise funds for the \$773,000 renovation and modernization of the hospital including purchase and replacement of more than \$400,000 worth of equipment. The Lab, Respiratory Therapy, Radiology and Emergency Out patient Departments (as well as Nursing Service) all

**LEADING FUND CAMPAIGN**—Fred E. Hanscom, right, and Nicholas J. Pullia, left, have accepted the chairmanship and vice-chairmanship, respectively of the Rumford Community Hospital capital fund campaign to raise \$750,000 for the innovation and modernization of the non-profit health care facility. The hospital's last major fund-raising effort was in 1961.

will benefit directly from the program. Extensive painting and plastering of doctors and nurses stations, elevator lobbies, corridors and patient rooms will also be included in the project.

In addition to his chairmanship of the hospital board of trustees, Mr. Hanscom is a past president of the Rumford Rotary Club and the Oxford County Bar Association. He has served on several committees of the Maine State Bar Association.

Rumford Town Moderator since 1949, he was the community's municipal judge from 1942 to 1958. He also served on the Executive Council of the State of Maine in 1967-68.

Mr. Pullia, president of a successful hardware and lumber company, is an RCH trustee, a director of the Maine National Bank and has served as a member of the Rumford Finance Committee, the Rumford area chamber of commerce and the Rumford-Mexico Sewerage District.

He has also been a director of the Associated Industries of Maine, the Maine Lung Association, and the Maine Advisory Board of the Small Business Administration. Last spring he was appointed to serve on the governor's Advisory Committee on Economic Affairs.

# Reduce Taxable Sale Profit

If you sell your home and make a profit, Uncle Sam will expect to get a share of that profit in the form of income taxes. That is, unless you reinvest your proceeds in another home or are over 65.

Therefore, those who profit from a home sale, put the check in the bank and rent an apartment, should not overlook any legitimate expenses which would reduce the size of the taxable gain.

Expenses such as the Realtor's commissions, deed preparation, legal and appraisal fees,

and any escrow fees, can be taken off the top.

So-called "fix-up" expenses also can lead to tax savings. This "fix-up" work must be done during the 90 day period before the sale and payment must be made not later than 30 days after the sale.

If there is anything we can do to help you in the field of real estate, please phone or drop in at EARLY REAL ESTATE, 60 Main St., Bethel. Phone: 824-2122, 824-2570. We're here to help!

# A Century Ago

— From The Oxford Democrat —  
August 6, 1878

Bethel—We had the pleasure of listening to a very able sermon last Sabbath, being the closing one, by Rev. Mr. Mills, who has supplied the pulpit of the 1st Congregational Church. We learn it is with much regret the society and his many warm friends part with this venerable worker. Mr. M. has done more to build up this society since he has laboured with it than any other man since the erection of the church. This much it is safe to say. We learn he leaves this week for Boston where his family resides.

Rev. Mr. Bishop and wife are spending a vacation at Old Orchard Beach. Rev. Perry Chandler and family of Gorham, are stopping at the island New Portland. Last week we spent a short time at Old Orchard where we found the hotels filling up fast.

**PROBATE APPOINTMENTS**  
The following subscribers hereby give notice that they have received the appointments as indicated from the Probate Court of Oxford County. All persons having demands against the estates represented by them are requested to present the same for settlement, and all indebted thereto are requested to make payment immediately.

John A. Nowlin, late of Newry, deceased; Carl R. Nowlin of Newry, Executor without bond. July 18, 1878.  
Earl J. Pike, late of Bethel, deceased; Harold Clukey of Bethel, Executor without bond. July 18, 1878.  
31-32

The smaller hotels are nearly all full. While there we visited Johnny Bull Park, which is filled with its customary booths and Lo the poor Indian. We visited the tablet in memory of Albert H. Bull, the founder and beautifier of the park. This tablet is dedicated in grateful remembrance by the visitors at Old Orchard Beach 1869. The Arbor on the Cliff and many other places of note we visited. We visited the camp ground where some five hundred cottages have been erected and still more being built. It is a little City and nature has done wonders. A better location cannot be found in the state.

Rev. Mr. Woodbury of Skowhegan, son of Judge Woodbury, will supply the pulpit for a few Sabbaths. Mr. Woodbury is a very interesting speaker and we trust he will have a full house. The society has now one of the best choirs in the state. Prof. Barnham of Portland, chorister.

Bethel is filling up fast with boarders. Bethel House, Elms, Lock House and the Waterspout Mountain House is filled to overflowing. Among the guests at the latter House are Hon. Fred Atwood and family; E. C. Arey and family, Winterport; Prof. W. J. Hathaway and family, Fall River, Mass.

## S. A. D. #44 BOARD MEETS

continued from Page One

at the Ethel Bisbee School. Mrs. Haskell, a certified teacher, has done substitute work in previous years within S. A. D. #44.

The resignations of Timothy LaVallee, Mrs. Beth LaVallee and Mrs. Lois Burgess were accepted. Mr. LaVallee has been physical education instructor at Telstar since September of 1968. Mrs. LaVallee has been a teacher of English at the junior high level in S. A. D. #44 since 1974. Mrs. Burgess, a grade five teacher at Crescent Park School, has taught in the local schools since 1960. Both Mr. and Mrs. LaVallee have accepted positions in S. A. D. #17, while Mrs. Burgess has opted for early retirement.

The board approved the posting of the following vacancies: high/middle school physical education; middle school English; grade five, Crescent Park School; Research Assistant for Pre School Survey Grant (OETA, Title VI). The directors authorized the administration to post any vacancies occurring between Aug. 1 and Aug. 28, 1978.

Dr. Wayne Gersen, Telstar principal, informed the board that the guidance counselor approved at the July 17 meeting had decided to accept a similar position in the central Maine area. Dr. Gersen stated that hopefully another candidate would be recommended at the Aug. 28 session of the board. The meeting concluded with a discussion on career education by Donald Bean, director of the Beth-

el Community Education-Work Council; Helen Berry, Telstar English teacher; Dr. Wayne Gersen, Telstar principal, and Cliff Wing, elementary supervisor.

Career education would be offered to juniors and seniors, with the cooperation of area businessmen, to prepare them for everyday work experiences of the average adult in a specific job area and to acquaint students in the formation of a small business, how to evaluate community need for the enterprise so there could be a good chance of success, and how to obtain financing for such a venture. The program should have businesspeople of the community explain what was expected of an employee and what the employee could expect in return.

According to Mrs. Berry career education should start in the early years of school and that when the high school years were being experienced the student should acquire the knowledge of composing a business letter, fill out tax and other forms. She said that it was her opinion that each time a young class visited a bank, store, library, or any other place of business, the experience was invaluable in an educational sense and a teacher should capitalize on it when returning to the classroom.

Board members not present Monday evening were: Darlene Hall, Andover; Bettyann Hastings, Bethel; Brian Stowell, Woodstock.

The next meeting of the S. A. D. #44 board will be held at 7:30 on Monday evening, Aug. 28, in the Telstar library.

WALKING WITH JESUS CHRIST

Trusting

The founding Fathers of this United States trusted and so inscribed onto our coin the motto: "In God We Trust." Through the years the American dollar was the World's stabilizing monetary standard - it was as good as gold. Today it is not so - for in the last very few years - as they say in slang: "Ain't what it usta be." Can it be we no longer "Trust in God?"

God's Word - the Holy Bible uses the word "trust-trusting" some 150 times - meaning: to believe in. He tells us in Jeremiah 17:7 "Blessed be the man that trusteth in the Lord, and whose hope the Lord is"; -verse 8- "he shall be like a tree planted by the water and will flourish."

With our declining moral and monetary values - it seems that we as little sheep have gone astray and lost our way - no longer trusting God - but putting our faith in human things. Why is it we refuse His love - His hand to lead and help us? Is it our pride? Yes, I would say so - for in Jeremiah 17:23 we read "But they obeyed not, neither inclined their ear, but made their neck stiff, that they might not hear, nor receive instruction." Jeremiah 8:9: "The wise men are ashamed, they are dismayed, and taken: lo, they rejected the word of the Lord; and what wisdom is in them?"

Few of this Nation's men seek God's wisdom - but thanks be to our heavenly Father - the first President of the United States, George Washington and our present President, James Carter learned how to be humble before our Creator - to seek His wisdom for all matters - large and small, as in James 4:10.

Now then - are we, each of us so full of self esteem - self love - so vain - that though we do honor to the office of the President we

## ARTS AND CRAFTS FESTIVAL

The Gould Academy field house was the scene last Saturday of the 2nd annual Arts and Crafts Festival sponsored by the Bethel Auxiliary of the Rumford Community Hospital. The well attended event featured the work of many talented people of the area. Exhibits which attracted the attention of those who attended included jewelry, painting, pen and ink sketches, picture framing, making of free hand silhouettes, handcrafted furniture, soft toys and many others.

Let us now, this day - make our choice - either a life of "me" and vainglory and eventual death without hope or a life under God with liberty in Jesus Christ.

## West Bethel

— Mrs. Lona Gilbert, Corres. —

The last day of July this Monday morning with a temperature of mid 40° range, quite cool for July. I guess everyone had to turn on their furnace, or build a fire. It is still quite overcast, not much sun here this morning.

The food and yard sale for benefit of West Bethel Chapel Aid which was held on Friday, July 28, was well patronized and a very good sum of money received. The committee and members of the Aid appreciates all the help they had in making it such a success.

The people who I have reported ill and in hospitals have all recovered sufficiently to return home, except Frances Bennett. She is improving but is still in Stephens Memorial Hospital, Norway. If any of her friends wish to send her a note or card address c/o Stephens Memorial Hospital, Norway.

Mr. and Mrs. Arthur Gilbert spent the week end at their camp on Lake Thompson. They were joined by their daughter, Roberta and Mr. and Mrs. Arthur Head and family, all returning home Sunday night.

Neil Gilbert injured his foot the first of last week when a part of a log fell on it. He hasn't been able to work for a few days, as he has had to use crutches. X-rays showed it badly bruised, but no bones broken.

Mrs. Maxine Lovejoy's daughter, Mrs. James Murphy and son, Duane, returned to their home Wednesday in Cranberry, N. J., after visiting here most of July.

Marion Tibbets of Norway was an overnight night of Mr. and Mrs. Kenneth Lovejoy, Wednesday of last week.

MOTORISTS WARNED OF VARYING STATE LAWS

The Maine State Police advise visiting motorists that the law on entering traffic circles within Maine may be different from the one in their home state.

"Maine law requires that the driver of any vehicle approaching but not having entered a traffic circle or rotary intersection shall yield right of way to a vehicle already within it," said Colonel Allan H. Weeks, Chief of the Maine State Police.

Although there are yield signs at traffic circles and rotary intersections, motorists from other states in the habit of not yielding may not be aware of the yield signs until it is too late, he said.

Not only should visiting motorists be aware of Maine law, said the State Police Chief, but also native motorists who visit other states should make themselves aware of the particular law in the state in which they are traveling.

"Whatever the law of a particular state is, defensive driving requires caution and common sense when entering as well as leaving any traffic circle or rotary intersection so that needless injury and/or property damage may be avoided," said Col. Weeks.

CANCER SOCIETY AWARDS RESEARCH GRANT

John Trinward, D. D. S., president of the Maine Division of the American Cancer Society has announced that the Society has awarded a \$95,061 grant to support the research of Dr. Richard T. Prehn, Director and Senior Staff Scientist at the Jackson Laboratory, Bar Harbor.

Dr. Prehn has uncovered an interesting relationship: if a mouse becomes cancerous under the influence of the cancer-causing chemical, 3-methylcholanthrene, the concentration of this substance affects the immune properties of the host in some way. So-called "spontaneous" tumors, which presumably are caused by very minimal concentrations of oncogenes (cancer causing substance), are essentially non-immunogenic.

This finding will be pursued under this grant using both in vitro and in vivo systems. Is there a relationship between the presence or reduction of immune reactions, depending on the concentration on oncogenes? This is a key question which has important implications for trace cancer-causing material in the environment of human beings.

Mrs. Colista Morgan, Corres.

Most of my week has been very busy with picking garden products and berries and taking care of them at home. So my walking has been in the road between home and the farm. I enjoyed that even though I have traveled it many times.

Joe-Pye-Weeds, nearly as common as the golden rods are now conspicuous with "crushed raspberry and cream" by the old pasture bars. It adds variety to the other hues so natural to summer.

The wild morning glory or hedge bind weed with delicate pink bells clammers over old fence posts or around all that is near at hand.

Off shore the last of the wild roses stood among the button bushes on Button Bush Island.

Their brief beauty is now a thing of the past. Just this side of them the blue heron stood in a golden bowl of sunshine banded in blue and filled with the softest rainbow hue of pickered weeds.

There was nothing wildly thrilling or exciting but there was a taste of simple things.

"Oh, for a day in the country Out where the air's fresh and clean. Out where the fields touch the blue skies. Out where the scenes are serene!"—Georgia B. Adams

I neared my driveway then

sat on the lawn to prepare my harvest. And what prettier place could be had while cutting beans or shelling peas?

There were the mountain tops across the way and a cool breath that fanned the cheek. Soft clouds in a heap were above the forest nooks and shadows played the pond.

The touch of sunshine fell gently upon my face as I worked. Sky, mountains, and pond quieted into ed around. The air stilled, harmoniously, perhaps mulling over all that had occurred.

I could hear the tractor working steadily, baling hay in an upper field at the farm. The pitch of its engine changed occasionally.

A few swallows, wheeling like scraps of paper caught by a gust, passed often above the water.

So with a few perfect summer days the month comes to a close with its moderate temperature, a rare privilege for July. And I'm reminded, too, that another year has passed for this week I'll be a year older and grateful again that I've been able to enjoy it.

Doris Hayes, Ruth Hastings, Etta Morris and I attended the supper at the church in Albany on Thursday evening; nice crowd, nice supper.

Frank and Dot Curtis had as callers this week: Carl and Lettie Brooks, West Paris; Ina Smith, Barre, Vt.; Lucy Bragg and son,

Tommy, West Sumner; John Swan, Locke Mills; Mildred Bowman, Hebron; Donald Bowman, Canton; Carl Curtis and children, Ken and Karen, Town; Albert Curtis, East Sumner.

Mr. and Mrs. Brennan, Massachusetts, were at their cottage here over the week end.

Ann Holt has finished her course at the University of Maine and is at the home of her parents for the month of August.

Leonas and Fay Holt went to Bar Harbor on Saturday and stayed with their daughter-in-law then went on to Princeton to make a short visit with David and Sharon Holt. They plan to return home on Monday. Robert and Ann Holt stayed at the farm in their absence.

Ina Smith, Vermont; Mr. and Mrs. Carl Brooks, West Paris; called on us on Thursday. Mr. and Mrs. Keijo Saarinen, Gardiner,

Mass., were callers on Saturday. They also called to see Bernard Morgan.

Mr. and Mrs. John Betts and friends were at their home here for the week and returned to Portsmouth, N. H., on Sunday.

From The Hayes Homestead—Ardell Hayes, Auburn, was there on Saturday; also Austin Kibby of Gray, Roland and Doris Hayes were at Katie's Kitchen for dinner on Sunday and called at the home of Mr. and Mrs. Duane Hayes on their way home.

The DiArenzo family of Pennsylvania are at their home here for a time.

**HORSES HAVE RIGHT-OF-WAY ON MAINE ROADS**

The Maine State Police reminds motorists that horses have a "right of way" on Maine roads.

"With the increased use in the number of horses in Maine, motorists are advised to use reasonable caution when approaching these animals on our roads," said Colonel Allan H. Weeks, Chief of the Maine State Police.

The Maine State Police Chief advises motorists that they can be fined not less than \$25 nor more than \$250 if they drive in such a manner as to "willfully annoy, startle, harass, or frighten" any horse being ridden or driven in any direction on or near a public road.

In addition, Maine Law (Title 29, sec. 997) states that a motorist must stop on approaching a frightened horse, as signalled by a raised hand or by any other visible sign by the person with the animal. The motorist is to come to a stop as soon as possible and allow the horse to pass.

Ethel Yates, Stephen and Linda, went blueberrying at the north turnout of Grafton Notch and swimming at Horseshoe Falls.

Mrs. Elsie Flanders will be observing her birthday Sunday, Aug. 13. Cards will be appreciated. Her address is Andrews Nursing Home, 42 Market Square, South Paris, Maine. 04281.

The selectmen met Tuesday, July 25 to discuss possible changes in the Town Road specifications and the need for Zoning Ordinance. A meeting will be held later with the planning board to discuss these changes, and they will be presented to the voters at town meeting. Bills for payment for tarring roads and for work on the lower end of the Branch Road were approved. It was voted, subject to approval by the State D. O. T. to expend the Town Road improvement money on the Monkey Brook or Littlehale Road.

This project was started in 1975 but was stopped when funds were exhausted. The 107th Legislature cut off these funds, but they were restored by the 108th and funds are now available to complete the project. Sections of this road are very muddy in the Spring and two families living on the road have difficulty getting in and out.

The Selectmen also met with Joyce Bennett and Judy Grassi of the Oxford County Community Services to discuss aid available to the town and its citizens through this organization.

The Selectmen have received figures on the proposed State Valuation for 1979. Newry's proposed valuation for 1979 is \$6,200,000, up 4% from last year, compared to an 8% increase from 1977 to 1978. Proposed figures for the five towns in School Administrative District #44 for 1979 are:

Andover - \$13,600,000, up 17% from last year's figure of \$11,600,000; Bethel, \$30,650,000, up 14.8% from \$26,700,000; Greenwood, \$13,500,000 up 18.4% from \$11,400,000 and Woodstock from \$11,650,000 to \$15,200,000, an increase of 30.4%. State valuation for Newry in 1978 was \$5,950,000, compared to \$3,200,000 for 1977. Proposed valuations for other towns in the area are:

Gilead \$3,750,000, up 21%; Hanover \$3,000,000, up 22.4% and Upton \$2,100,000, up 23.5%. 1977 valuations for the five towns in M.S.A.D. #44 were:

Andover, \$17,600,000; Bethel, \$22,750,000; Greenwood, \$7,800,000; Newry, \$3,200,000; Woodstock, \$7,750,000. Over \$25,000 in taxes have been collected and paid the Treasurer since tax bills were sent out the first of July, from a total commitment of \$88,264. A 2% discount is allowed on taxes paid within 30 days. Interest at the rate of 8% will be charged on all taxes not paid before December 1.

I've got to take it all back. I told everyone we would have a cool summer the way the weather pattern seemed to be but this week has proven me wrong. However, I'm glad we are having summer weather after all. The gardens have grown rapidly since July came in. I'm having string beans for the first time today. I do my garden early in the morning before it becomes hot. I guess the crows do too, for I saw a family of them out back. I hope they won't shop in my garden. I went out and they flew off.

Well, Casco has found a loophole that lets you in on new higher interest rates for well under \$10,000.

You simply use some of your money and some of the bank's money. And you wind up earning more interest than you can with any regular 6-month savings plan.

## MOTEL PUBLICATION STARTS SECOND YEAR

This month the Kosdale Guide and TV Listings, a publication designed for motel and hotel guests, will begin its second year of distribution in the Maine and New Hampshire area. Although distributed in over 47 other states by the Phoenix, Ariz., based publisher, Kosdale Corporation, the guide's distribution from Bethel is the first in New England.

During the first year, five editions covering the Mt. Washington Valley, Gorham and Berlin, N. H., as well as the Lewiston-Auburn, Rumford and Bethel, Norway, South Paris areas in Maine were placed in 63 motels, inns and camping areas. The largest circulation is in the Mt. Washington Valley where 30 motels use the guide in over 500 rooms.

According to Don Bennett of Bethel, local distributor and sales manager, reason for the quick acceptance of the Kosdale Guide by motels and advertisers has been best expressed by a Gorham, N. H., motel owner. He preferred the quality of Kosdale's paperstock and printing over other guides he had seen. Also, according to Bennett, the guide fast became a souvenir item. In some cases guests have taken so many copies with them that the motels have used more than triple the usual amount needed to keep one in each room.
